Tutoring Experience

Over the past seven years, I've helped IB students excel in their Extended Essays by providing tailored guidance through every stage of the writing process. My students have consistently achieved top marks, with many going on to study at prestigious universities worldwide. I also support students in English Language and Literature, offering personalised feedback and assistance in improving their analytical and writing skills.

In addition to IB, I've worked with A-Level and IGCSE students, helping them master literary analysis and essay writing. Whether it's tackling complex topics or preparing for exams, I ensure that each student is well-equipped to achieve their best possible results.
