 Experienced Tutor | University of Toronto | MSc in Biology

I hold an MSc in Biology from the University of Toronto and a BSc in Molecular Biology from McGill University. With 11 years of experience, I've taught IB Biology, A-Level, and IGCSE Biology, helping students achieve top marks in exams. My passion for biology drives me to share my expertise with students globally.

Teaches:

IB Biology

A-Level Biology

IGCSE Biology

GCSE Biology

Curriculum:

IB

A-Level

GCSE

IGCSE

Qualifications

University of Toronto: MSc in Biology (2012–2014)

McGill University: BSc in Molecular Biology (2008–2012)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past 11 years, I've worked with students across IB, A-Level, and IGCSE curriculums, providing comprehensive support in biology. My focus is on breaking down complex topics, ensuring students develop a deep understanding of key biological principles. From molecular biology to ecology, I cover a broad range of subjects to help students excel.

I've also guided students through rigorous exam preparations, using past papers and tailored assessments to build their confidence and skills. My students consistently perform well, gaining the knowledge and techniques needed to excel in their exams and further studies.

Working with diverse students globally, I've taught biology to students in Canada, the UK, and internationally. With my support, many of my students have successfully gained admission to top universities, continuing their studies in science-related fields.
